

PREFERRED SUPPLIER FACTSHEET

Leaders in bottom line improvement
An Electrocomponents Company

ABOUT THORITE /Thomas Wright Group

Welcome to Thorite, the UK's leading supplier of air compressors, air tools, pneumatics and process products. We offer customers the most comprehensive range of market-leading, cost-effective equipment in the UK to meet the needs of MRO (maintenance/repair operations), end users, original equipment manufacturers (OEMs) and resellers.

Our services include advice, pneumatics system design, installation, and we offer the most competitive prices. We specialise in the maintenance and repair of air compressors, air tools and air operated diaphragm pumps.

Thorite's 150+ year history has enabled us to build a wealth of knowledge and strong relationships with both customers and suppliers. Since those humble beginnings we have developed into an 11-branch operation across the north of England.

With a multi-million-pound global sales operation operated through our national distribution centre, branches, and our webstore, we offer our customers the most comprehensive access to quality compressed air and fluid control products.

We can provide all of your compressed air and fluid power needs from a small fitting to a major compressor plant installation, supply and service package providing a true 'one-stop shop' solution.

Contract Specifics

- IESA preferred for Air, Pneumatic and Process products & systems
- Dedicated account manager
- Quarterly business reviews

Products

Air motors
Air movers and handling
Airline FRLs
Assembly technology
Electro-mechanical drives
Fittings
Hydraulics
Industrial air compressors
Industrial air treatment
Industrial vibrators
Manually operated valves
Piston air compressors
Pneumatic cylinders
Pneumatic valves
Pneumatics training kits
Pressure switches
Process products
Pumping equipment
Quick release couplings
Ring main systems
Safety equipment
Shock absorbers
Spray equipment
Static eliminators
Tools
Tube and accessories
Tyre inflators
Vacuum
Workshop equipment

THORITE - SCOPE OF SUPPLY

Assembly technology - Bosch Rexroth aluminium frame

Electro-mechanical drives - Festo electro-mechanical drives - Festo motors and controllers

Fittings - Festo fittings - IMI Norgren fittings - Parker Legris fittings - SMC fittings - Thorite T C range composite fittings - Metalwork 'F' Series push-in fittings - Brass BSPP and BSPT fittings - Nickel plated brass BSP fittings - Galvanised iron BSP pipe fittings - Stainless steel BSP adaptor fittings - Flange - Gaskets - Bolt kits - Fluid handling fittings - Nylon fittings - Plastic fittings - Stauff fittings - Ham-let 'Let-Lok' 316 fittings - Kuterlite compression fittings - Wade fittings - Washers seals and O rings

Hydraulics - dnp Italy industries - Eaton Vickers - Hydraulic fittings - Hydraulic hose -hy-fitt – LHA -MHA -Parker -Stauff

Industrial air compressors - COLTRI HP compressors -Gast compressors -HPC compressors -Hydrovane compressors -Jun-Air air compressors -Used air compressors -Flow monitors -Industrial air compressor oils - Receivers - Seetru safety valves - Wade safety valves

Pneumatic cylinders - Festo cylinders - IMI Norgren cylinders - Parker cylinders - SMC cylinders

Pneumatic valves - ATAM Solenoid connectors - Control valves - Festo valves - IMI Herion valves - IMI Norgren valves - Impulse Automation / Kuhnke valves - Parker valves - Pneumatic accessories - SMC valves

Process products - Process filtration - Process sensors - Process valves

Pumping equipment - Industrial pumps - Motor driven portable pumps - Submersible electric pumps

Tools - Air tools - Industrial Air Tools - Electric power tools - Hand tools - Accessories and consumables
