

Air. Fluid. Power. Performance

Thorite works in partnership with world class manufacturers to ensure customers have access to the optimum products for their requirements. Sourcing the correct products to match customer needs is the key to achieving production improvements, reductions in downtime and maximising energy savings. Thorite's talented service technicians have a wealth of experience and expertise in the design, supply, installation and maintenance of total factory solutions, we like to think we're different.

Thorite offers a competitive one stop shop, providing a wide variety of products to reduce customers' stocking and purchasing costs, supported by expert technical advice. With a multi-million pound stock holding at our distribution centre and convenient branch locations across the UK, Thorite offer a service that is second to none in terms of variety, affordability and availability.
