Re-Conditioned Compressors

All equipment is supplied with 6 months parts and labour warranty subject to a service agreement with Thorite.

Stock is constantly changing, for the latest listing check our industrial compressors section of our on line store www.thoritedirect.co.uk

Compressed Air Plant Hire

Whatever the problem; urgent breakdown, immediate shortage of air, time delay before a new machine is installed or just additional short term requirement, we offer a fleet of industrial hire compressors, dryers and treatment products with wide ranging cfm outputs at reasonable prices. All you need is an appropriate power supply and a suitable site location.

Pressure Systems Safety Regulations

Thorite supports customers with all relevant information and documentation to comply with all regulations, applicable to all compressed air systems. Our duty of care, when providing new equipment or when modifying an existing system, to provide specific information requires a "Competent Person" to compile and produce a Written Scheme of Examination.

We ensure our work complies with "Pressure Systems Safety Regulations" (PSSR); Producing the necessary documentation, written scheme of examination, and drawings to comply with PSSR.

Spare Parts Accessibility

Having accessible spare parts is fundamental to ensuring your compressor plant has minimum disruption. With £1/3 million of genuine manufacturers spare parts available from stock, we ensure maximum response time and minimum down time.
