

ThoriteService

Aftermarket Solutions

Enhancing productivity

Thorite are the UK's leading supplier of fluid power solutions.

We are recognised industry-wide for expertise in pneumatics, fluid power, hydraulics, vacuum and ancillary products, distributing the world's market leading brands, accessed through our network of 11 UK sales and service centres.

Thorite invests heavily in providing customers with a wide range of Aftermarket solutions & services, supporting you at every stage – whether for a routine service, testing or spare part requirements, through to service level agreements and short / long-term rental options.

FIELD SERVICE & REPAIR

At Thorite, we operate a range of service & repair schemes designed to meet our customers' needs - from periodic annual service, to comprehensive peace-of-mind schemes where we will take full responsibility for the compressed air plant, inclusive of warranty and 24 hour breakdown cover.

WORKSHOP OVERHAUL

Thorite provides a comprehensive repair and overhaul service for all of our ranges of fluid power equipment, which are approved by our partnered OEMs. Our service team works to stringent quality control standards and procedures to ensure that your equipment is fully restored to original manufacturers specifications.

SERVICE AGREEMENTS

Thorite can provide you with a wide range of Service Agreement options to suit your plans from warranty options and maintenance schedules to 24 hour recovery and even shorter emergency response times.

INSTALLATION & START-UP

When choosing your equipment, Thorite can take full responsibility for installing and testing on site to ensure that it is working to full capacity – allowing you to run your business without the added hassle.

AIR PURITY TESTING

Thorite provide customers with fully certified air quality test reviews to EN12021:1998 and BS4275:1997, ensuring that production facilities are fully compliant with industry standards avoiding any unnecessary production downtime.

GENUINE OEM SPARE PARTS

We hold large stocks of genuine, recommended OEM spare parts to guarantee the longevity of your equipment to minimize your production downtime. Our factory trained technicians and technical support teams are on hand to give you the best advice when choosing appropriate parts or service kits.

LONGER TERM LEASE RENTAL

Thorite can provide you with a complete compressed air solution, for a tax-efficient, fixed monthly price, supplied, installed and with full cover – annual service care plan for total peace of mind. We offer competitive lease rental packages as a cost-effective alternative to buying new equipment and completely manage the entire compressed air process for you.

COMPRESSED AIR SYSTEM AUDITS & SURVEYS

Thorite offer a comprehensive compressed-air leak detection service, either as part of a full compressed air audit or simply as an air-leak reduction survey in accordance with the latest ISO standards.

EMERGENCY, SHORT & LONG TERM COMPRESSOR HIRE

At Thorite we understand the importance of reacting quickly in any situation to minimise downtime and to make sure customers are never left without air. Whether you require short or long-term lease, we can provide a fast, efficient service to keep your facility running efficiently.

EXTENDED WARRANTY

Thorite offers a range of extended warranty packages, providing a high level support for your equipment. Our extended warranties reduce your exposure to machine parts becoming defective after the standard warranty period, minimising breakdowns and unnecessary downtime.
