

Sam Butcher - Trainee Key Account Manager

One of a new breed of Graduate recruits to our Field Sales Team. Sam has a Mechanical Engineering Degree so he's well qualified for our industry. Sam has recently completed the intensive induction and industry training program and, together with our industry specialists, is now qualified to provide expert application and technical advice to our Customers.

Adrian Allen - Sales Administrator

Our latest recruit Adrian has a sound knowledge of industrial sales as he previously spent 18 years as a Sales Engineer in the Electric Motor Control industry.

Billiejo Lount - Sales Administrator

Billie's the bright spark on the team. She joined us with an industrial services background and together with her cheerful manner and rigorous training means she's always ready to help and ensure Thorite delivers on our promises.

Darren(Daz) Lindsay - Branch Supervisor

Darren's been with us man and boy and has 28 years experience in Fluid Power. What Daz doesn't know about our products and services could be written on a postage stamp!

Stephen Hall - Service Engineer

One of our 10 strong team of manufacturer trained Service Engineers. Stephen will be well known to many customers as he's serviced Industrial Compressors for us in the Doncaster and surrounding areas for many years.
